

Every Day's a Gift

We at Rainbow Hospice Care believe that every day of life is a gift, especially for those who are suffering from life-limiting illnesses. Our goal is to provide quality palliative care while at the same time empowering our patients and their families to make informed choices in care that best meet their individual needs. We offer assistance with pain reduction and symptom management, address emotional concerns and provide spiritual help when requested. Our professional team members, consisting of medical directors, nurses, nursing aides, social workers, clergy and trained volunteers, work closely with our patients and their families to ease suffering and bring quality of life to those precious final days.

It is an honor to be able to serve the people in our communities in this capacity and we can count it a privilege to be invited into our patients' lives at such a crucial time.

Questions about our service area? Rainbow Hospice currently cares for patients in Jefferson county and the surrounding counties of Dane, Dodge, Rock, Walworth and Waukesha. See our Service Area link under the About Us menu on the left to view an approximate map of our service area. You can also call us at 920.674.6255 or, if long distance from Jefferson, toll free at 888.493.8276.
